Don’t Get Sidelined by COVID

So much is happening this semester—from orientation to homecoming. We don’t want students, faculty, or staff missing out because of COVID.

You’re best protected against severe illness, hospitalization, and death due to COVID when you get vaccinated and stay up to date with your COVID vaccine.

The number of doses and when to get them depend on your age and which vaccine you get.

For more information
For more information, including where to find COVID vaccines:

- Visit vaccines.gov
- Text your ZIP code to 438829
- Call 1-800-232-0233
- Scan the QR code
